Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for The University of Houston Technology Bridge in fiscal year 2023.

The entity to receive funding for this project is located at 5000 Gulf Freeway, Houston, TX 77204.

The funding would be used to reconfigure and build out new space to better meet the needs of both University of Houston researchers and industry partners. Such growth would contribute significantly to the Greater Houston area's economy, providing new job opportunities and drawing sizeable new industry partners to the area. Completing this project would create a new mentoring studio, workforce development training rooms, and shared event space. Additionally, it would significantly increase the University of Houston Technology Bridge's overall capacity to provide space to new industry partners, providing students with a myriad of opportunities.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Member of Congress
