The Honorable Tom Cole
Chairman
House Appropriations Committee
Washington, DC 20515

The Honorable Rosa DeLauro
Ranking Member
House Appropriations Committee
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Pollution Control Services Satellite Location in fiscal year 2026. The entity to receive funding for this project is the Harris County Pollution Control Services, located at 101 S. Richey Street, Suite H, Pasadena, TX 77506. The funding would be used for the construction of a new satellite pollution control facility which will perform per- and polyfluoroalkyl (PFAS)/perfluoro octane sulfonic acid (PFOS) water analysis testing. The project is an appropriate use of taxpayer funds because the new satellite facility will allow for more efficient environmental inspections throughout Harris County.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C. 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Member of Congress
