The Honorable Rosa DeLauro
Ranking Member,
Committee on Appropriations
1036 Longworth HOB
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Aldine Station Affordable Housing Development project in Fiscal Year 2027. The entity to receive funding for this project is the Harris County Housing Finance Corporation, located at 1111 Fannin St, 9th Floor, Houston, TX 77002. The funding would be used for supporting the construction of Aldine Station, a 78-unit affordable housing development serving working families in Harris County, TX. The development will be constructed on approximate 4.42 acres and will provide long-term affordable rental housing for households earning between 30% and 60% of the Area Median Income (AMI). The project is an appropriate use of taxpayer funds because there is a need in Harris County, TX, to construct housing that is affordable to working households, as rising housing costs have made it increasingly difficult for working households to secure stable housing near employment centers, transportation corridors, and essential services. This project would also generate economic stability during and after construction, providing employment and further development the already existing community.

The project has a federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C.5305(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Member of Congress
