The Honorable Rosa DeLauro
Ranking Member,
Committee on Appropriations
1036 Longworth HOB
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Harris County for Pollution Control Satellite Location project in Fiscal Year 2027. The entity to receive funding for this project is the Harris County Pollution Control agency located at 101 S Richey Ste H, Pasadena, TX 77506. The funding would be used for creating a state-of-the-art laboratory and for improving environmental inspections of Harris County. The project is an appropriate use of taxpayer funds because it would provide the community with increased environmental protection resulting in safety and quality of life enhancements, as well as provide workforce and economic development benefits in Harris County.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C. 1381 et seq.

I certify that I have no financial interest in this project, and neither is anyone in my immediate family.

Sincerely,

Member of Congress
