The Honorable Rosa DeLauro
Ranking Member,
Committee on Appropriations
1036 Longworth HOB
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the HOPE Clinic – CORE Campus Construction project in Fiscal Year 2027. The entity to receive funding for this project is the Asian American Health Coalition of the Greater Houston Area – HOPE Clinic located at 13930 Bellaire Blvd, Houston, TX 77083. The funding would be used for the purchase and installation of technology/security infrastructure and new equipment to furnish a new clinic location serving the Fallbrook and Acres Homes communities of Houston, TX. The project is an appropriate use of taxpayer funds because it will provide timely and affordable primary health access that is critical to a person’s comprehensive well-being within communities that experience low rates of health insurance coverage.

The project has a federal nexus because the funding provided is for purposes authorized under the Public Health Service Act.

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

Member of Congress
